ABOUT

PT Indonesia Teknologi Perkasa (INDTEK) is a company engaged in Information Technology as a system integrator that facilitates its customers to carry out Digital Transformation in responding to business challenges in the Industry 4.0 era.

INDTEK was founded in 2012 and has experience in implementing related IT solutions in various companies, both private, state-owned and government.

The Value Proposition that INDTEK provides is to turn a customer's "pain point" into a "gain" that can make it easier for customers to carry out their business activities by implementing Information Technology solutions that are appropriate, up-to-date and in accordance with customer conditions.
